

FAR-REACHING

ASK ANY PRO

*"Light-weight design, comfortable controls
and heavy-duty gear box..."*

POWER PRUNERS®

Reach New Performance Heights with ECHO Power Pruners® Power Pruners® provide fast, easy and safe pruning for those hard-to-reach applications. The light-weight design and comfortable controls ensure maximum operator comfort. A new, heavy-duty gearbox features dual-sealed bearings, spiral cut steel gears and a manual grease port for maximum lubrication, durability and cutting performance. An adjustable oiler delivers the right amount of oil, every time, for exceptional chain lubrication. Oregon® Intenz™ guide bars allow side access chain tensioning for improved cutting performance and longer bar and chain life. Telescoping shafts and optional extensions provide added reach for cutting flexibility. ECHO Power Pruners® deliver commercial-grade performance and optimum tree care versatility.

Fully adjustable automatic oiler keeps bar and chain lubricated for long pruning sessions

Oregon® Intenz™ side access chain tensioning bar

New, heavy-duty gearbox features dual-sealed bearings, spiral cut steel gears and a manual grease port

Two guide bar studs

Positive retention system ensures secure gear case attachment for trouble-free operation

Unique telescoping shaft makes the PPT-260/PPT-261 the longest gas-powered pruner available

FlexStar™ shaft system provides superior gear surface contact area for maximum power transfer and cutting performance.

PPT-260 shown—see page 18 for more product information.

ECHO Quality Backed by an Extensive Warranty

All ECHO Power Pruners® feature a 5 year* consumer, 1 year commercial and 90 day rental warranty as well as a lifetime warranty on the ignition module.

POWER PRUNERS®

High volume felt air filter maintains clean incoming air for longer engine life

Ergonomically-designed handle provides superior comfort for pruning applications

All ECHO Power Pruners® feature a rotary carburetor with purge pump (not shown)

See-through fuel tank is standard on all models

Spark-arresting, low-tone muffler promotes quiet operation

FREE BOTTLE OF ECHO POWER BLEND® OIL WITH EVERY POWER PRUNER®

PRO POINTERS

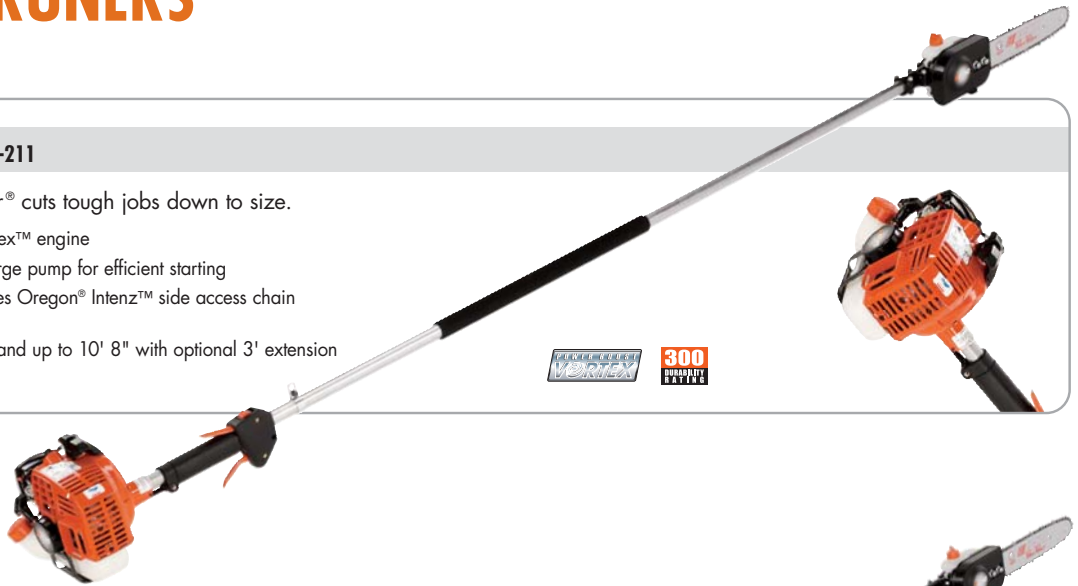

- To ensure operator safety, never stand directly beneath the limb that is being cut.
- Always wear the proper safety gear when operating any equipment. Consult your Operator's and Safety Manuals for more information.

POWER PRUNERS®

PPF-210 CARB PPF-211

Fixed shaft Power Pruner® cuts tough jobs down to size.

- 21.2 cc Power Boost Vortex™ engine
- Convenient carburetor purge pump for efficient starting
- 10" bar and chain features Oregon® Intenz™ side access chain tensioning technology
- 7' 8" long in normal use and up to 10' 8" with optional 3' extension
- Shoulder strap included

PPT-230 CARB PPT-231

This original Power Pruner® offers top commercial-duty features for the professional user.

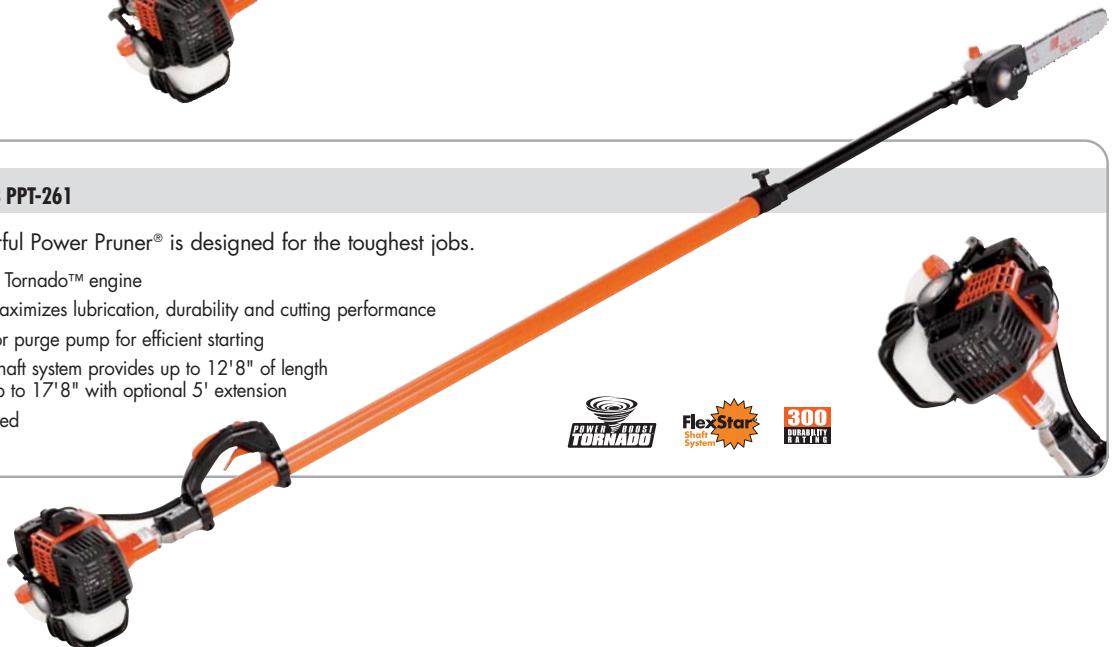

- 22.8 cc Power Boost Tornado™ engine
- Convenient carburetor purge pump for efficient starting
- 10" bar and chain features Oregon® Intenz™ side access chain tensioning technology
- Unique telescoping shaft system provides up to 11' 2" of length fully extended and up to 16' 2" with optional 5' extension
- Shoulder strap included

PPT-260 CARB PPT-261

ECHO's most powerful Power Pruner® is designed for the toughest jobs.

- 25.4 cc Power Boost Tornado™ engine
- Improved gearbox maximizes lubrication, durability and cutting performance
- Convenient carburetor purge pump for efficient starting
- Unique telescoping shaft system provides up to 12' 8" of length fully extended and up to 17' 8" with optional 5' extension
- Shoulder strap included

POWER PRUNER® ACCESSORIES

3' extension for
PPF-210 & PPF-211

Part #99946400010

5' extension for PPT-230,
PPT-231, PPT-260 & PPT-261

Part #99946400020

Circular Saw Accessory
Part #99946400050

Hedger Accessory
Part #99946400040

90° Articulating Hedge
Clipper Accessory for
PPT-230, PPT-231,
PPT-260 & PPT-261*

Part #99946400060

* Retrofittable to all past telescoping and dielectric (Model D) Power Pruners®.

Power Boost Tornado™ and Power Boost Vortex™ engine technologies deliver superior power, high fuel efficiency and meet all EPA and CARB emissions requirements.

Fully adjustable automatic oiler system delivers proper oil flow during pruning operations. Large 7.6 fl. oz. oil tank provides extended run times for higher productivity.
